

First Speedboat Arrest At Donner As Bay Man Cited

Continuance Of Case Asked As Defendant Seeks More Time

Ben Davis, a bay area clothing manufacturer, was at liberty under \$300 bail set by Judge F. W. Wilson in the Truckee Judicial Court after Davis was charged with violating a section of the harbors and navigation code designed to protect swimmers from accident by speed boat operators.

The complaint against Davis was signed by Mrs. Roy Teel, a resident of Donner Lake, who told Deputy Sheriff Emery Lander that persistent violations by the Davis boat were becoming unbearable.

Mrs. Teel told the officer she anchored a barrel 100 feet off their pier to warn boat operators that they were within the 200-foot limit fixed by the code. The boat, towing a water skier came between the barrel and the pier, in an alarming manner, she said.

The new section of the code was added by an act of the legislature in 1955 after a number of serious mishaps occurred on California lakes as the result of careless and thoughtless speed boat drivers. The law provides that no speed boat shall be operated in excess of five nautical miles per hour within 200 feet of a beach occupied by swimmers or any float, raft, or landing place.

Davis appeared in court Monday and was granted a continuance until August 21 to give him time to confer with his attorney.

This marked the first arrest of its kind on Donner Lake, Lander said, but he added that it would not be the last unless more caution by boat operators is used.

Thief Loots Home In Donner District

A thief, believed by officers to have been a hitchhiker, entered the William Storkman summer home at Donner Lake at 11:30 Sunday morning and while Mrs. Reich of Woodland was relaxing in the front yard, ransacked the bedroom and made off unnoticed with a number of valuable articles and \$15 in cash.

Deputy Sheriff Emery Lander who was called to investigate, said Mr. and Mrs. Reich are occupying the Storkman home during their vacation. Reich had left the house to pick up a newspaper and Mrs. Reich was on the front yard.

The thief apparently sized up the situation, entered the kitchen door, walked through the house and ransacked the bedroom, taking three men's shirts, three sweaters an electric razor and other items. A mink stole was not molested.

The \$15 was taken from a purse and the other contents tossed on the bed.

The loot was stuffed into a pillow case and the thief left as he entered unnoticed.

PHILIPPINE STUDENT ROTARY SPEAKER

Juan Ulip, Philippine Island student, attending the College of Pacific, majoring in political science, was the interesting speaker at the Rotary Club Monday evening in Donner Lake Lodge.

Dick Swanson, program chairman, introduced the visitor who intends to enter the diplomatic service after graduation. He is sponsored by the Antioch Rotary and is on a tour of several western states. A question and answer period followed the talk.

Twenty-six visiting Rotarians and seven guests were present.

SIERRA COLLEGE HAS \$475,000 FOR YEAR

Sierra College District trustees Tuesday night adopted a budget of \$475,000 for the coming year and indicated they will set the amount of their bond election on October 18 at \$3,040,000 for the erection of a new plant on a new site.

The budget hearing resulted in no protests and calls for a tax rate of 33 cents per \$100 assessed valuation.

Local School Budget Is Adopted At Board Meet

There being no protests, the governing board of the Tahoe Truckee Unified School District Tuesday adopted the budget as proposed and set the tax rate at \$1.75 per \$100 assessed valuation. The budget calls for a total expenditure of \$678,903.

Correction

In another story in today's issue of the Sierra Sun, an error was made in reporting the results of the Tahoe Yacht Club's water ski carnival last Sunday.

In the women's slalom, first place went to Gloria Westphal of Ross after a coin was tossed to determine a first-place tie between Miss Westphal and Susan Olson of Beverly Hills. This gave second place to Miss Olson and third to Susan Good.

Bishop Haden In First Sermon As Pastor At Tahoe

TAHOE CITY—Bishop Clarence R. Haden, Jr., officiated at his first services on Sunday last at the Outdoor Chapel of the Pine, where one of the largest congregations of the season was on hand to welcome him.

Rt. Rev. Haden, Jr., D.D., became consecrated bishop coadjutor of the diocese of Sacramento on June 14. A native of Ft. Worth, Texas, he graduated from Baylor University went to work for Arman and Co., at Waco with an A.B. in 1931. He was at Ft. Worth in the purchasing and accounting department.

In 1931-32 he went to Union Theological Seminary in New York City in 1932-34 and later worked for Pangburn Candy Co. at Ft. Worth, Texas, in sales and advertising in 1934-35. He attended Seabury Western Theological Seminary in Evanston, Ill., S.T.B. in 1936 and served as rector in parishes in Texas, Louisiana, North Carolina.

He has been a doctor of divinity since 1952 and has been an executive director of presiding bishops committee on layman's work in 1951-53 in New York City. He was dean of Grace and Holy Trinity Cathedral in Kansas City from 1953 to 1957 and was an inter-church preacher to England in the summer of 1956. He served on the broadcasting and film commission of the National Council of Churches in New York City, also the Department of Men and Department of Evangelism of same.

He represented Province VII, Southwestern Diocese and District on National Council of Episcopal Church in 1954-57 and was chairman of Town and Country Division, and served on the Division of Youth.

Miss Nedah (Haden spelled backward). Haden, five foot seven, dark haired, blue eyed and pretty, has gained favorable notice already in her 19 busy years in the amateur theatrical world. She hopes to become a dramatic actress and in September will attend speech school of Northwestern University on a scholarship at Evanston, Ill., where she will major in the theater. She is a member of Kappa Alpha Theta. The Haden family was most favorably impressed with the beauty of Tahoe and the friendliness of its people and are looking forward to becoming active members of the community.

DONNER FIREMEN TO RAISE TRUCK FUND

The Donner Lake Volunteer Fire Department board of directors met Tuesday for the purpose of setting up fire protection rates for the property owners and residents of the area to purchase a fire truck and equipment.

Tom Bonano, Roy Slate, Dan Horman, D. Tremayne, Hap Warnick, Roy Teel and Dr. Robert A. felt will be contacting property owners and residents for the purpose of securing the necessary funds.

In the meantime, anyone wishing to contribute to the fund may contact the Donner Lake Volunteer Fire Department, Roy Slate, Box 331, Truckee, Calif.

Dancer Entertains At Meeting Of Lions Club

Ranee Hall, a talented young dancer entertained members of the Truckee Lions Club at Donner Lake Lodge last night with some enjoyable numbers. Dr. Ben King presided.

The committee reported on the picnic and soft ball game between the Truckee and Reno Arch Lions Sunday. The former won 24 to 23 in the game.

Visitors last night included Daven Morey of Truckee, Ivan Tafft, Lincoln; Ralph Greenwell, Grass Valley; Paul Capel, Truckee, and A. L. Davidson of Kennett, Missouri and Paul G. Oehler of Auburn and Ed Waldo of Lake Tahoe.

MOTEL OWNER DIES AT HOME AT TAHOE

The body of Harold M. Feakins, 56, well known resident of Home wood, where he operated a motel, was shipped Tuesday to Antioch where funeral services were held. The Truckee Colonial Mortuary had charge of arrangements.

Feakins, a native of Oregon, expired Monday morning at 4:15 o'clock. He had been in ill health for some time and a heart attack was blamed for his death.

The deceased leaves his wife, Mary.

Planning Group To Seek Enforcement Of Trailer Ruling

Local Board Member Says Adequate Facilities Available

At the next meeting of the Nevada County Planning Commission, Cecil Edmunds, Truckee member, will seek rigid enforcement of Ordinance No. 207, providing for the control and orderly growth and development of the Truckee area, as it pertains particularly to Section No. 4, controlling house trailers.

Edmunds points out that the establishment of a number of adequate trailer courts in the area has provided ample space for trailers and that the use of lands outside these legal quarters is no longer a necessity.

The local commission member has called attention to the section of the ordinance which says:

"Except in trailer courts, or in labor camps licensed by the state, no trailer coach shall be used on any property in the above described interim zoning district for living quarters without a permit from the planning commission."

The area described as being included in the zoning district is: "Using the center line of U.S. Highway 40 as a center line, a strip one-half mile wide on each side of said center line from the west line of Section 20, township 18 north, range 14 east, M.D.B. & M. to the east line of Section 34, township 18 north, range 17 east, M.D.B. & M."

The ordinance provides a penalty for violation of a fine of \$500 or six months in jail.

Edmunds said it has been called to his attention, as member of the commission, that violations are frequent here.

County Accepts Loma Rica Airport

Supervisor H. G. Loehr said this week that the acquisition by the county of the Loma Rica Airport between Grass Valley and Nevada City will have no effect upon the possibilities of forming a local airport district and will certainly not result in a duplication of costs.

As a matter of fact, Loehr declared, the board accepted the port with the understanding that a district would be formed in the western end of the county for the purpose of maintaining and operating the Loma Rica facility. In the meantime, the county will improve the road leading to the airport and will improve the runways.

The board accepted the deed to the port from Charles Litton, industrialist, and John Looser, real estate broker.

The field was developed by the Idaho-Maryland Mines Corporation 20 years ago and has not been used recently.

The only supervisor to vote against the county acquiring the field was J. J. Coughlan of Columbia Hill.

TWO YOUTHS HELD FOR THEFT OF BOATS

AUBURN—Sheriff William A. Scott reported the arrest of two teenage boys at Lake Tahoe has cleared up the theft of boats valued at \$22,500.

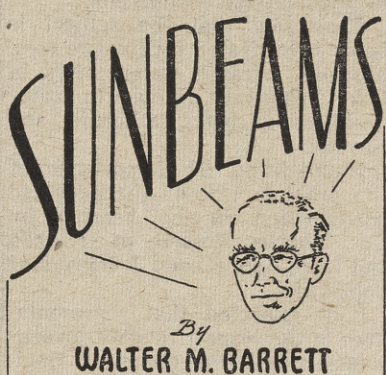

Scott said the youths stole boats, rode around in them until they were out of gasoline, then abandoned them. All were recovered by El Dorado and Placer County deputies.

The youths, held in juvenile hall on grand theft charges, were arrested by Placer County deputies last week. One, 15, is from Tahoe, Lake Tahoe, while the other, 14, is from Tahoe Pines, Lake Tahoe.

Michelle DeLisle Feted At Birthday Party Here

Michelle Renee DeLisle was six years old last Wednesday and her mother, Mrs. Ernest DeLisle was hostess at a party on the occasion. Nursery games, with prizes awarded to winners, occupied the afternoon and refreshments were served.

Guests included Susie Olan, Mary Lou Randall, Yvonne Johnson, Sandy Davis, Tarry Stevens, Ronda Stevens, Patti Miller, Joanne Mullenoux, Celia Gini, Joanne Brown, George Franchescini, Mike Bellotti, Steve Maynard, Skipper Close and Gary Kehm. Mesdames Olan, E. Gini, G. Gini and Mrs. Mullenoux assisted the hostess.

We are advised on good authority that the packs of stray dogs which have been killing smaller pets in the area west of Truckee are still uncontrolled and that a number of house cats have fallen victim to the blood-thirsty canines. One cat was killed on the porch of its home. It is very evident that owners of these dogs are unaware of their activities or something would have been done to stop them. It behooves every dog owner in the area to know at all times where their animal is and what it is about. Once these dog packs get the taste of blood they usually become uncontrollable killed and it is not impossible for them to attack a small child. It is difficult to catch the dogs in the act of killing, but once that is done, there is only one answer, the animal should be destroyed to prevent further trouble. The larger dogs are undoubtedly chasing and killing deer in the area and Game Warden Erwin Single has many times warned owners of this violation.

The fire Sunday afternoon in Gateway Park was a dangerous one and again brought out the hazard of throwing burning cigarettes from car windows. Apprehension of these fire-bugs is hard but once they are nabbed we can think of a number of ideal punishments and we are sure the court has a few ideas along the same line.

WORK IS SCHEDULED ON MARTIS BRIDGE

S. V. Voudouris of Sacramento was the low bidder for replacing the Martis Creek bridge, four miles south of Truckee, according to word from Alan S. Hart, district engineer for the division of highways.

Voudouris' bid was for \$29,943.50. There were 11 bids submitted.

A double 12 x 10 reinforced box culvert and approaches will be constructed.

The structure will replace a bridge at this location which was badly damaged during the storms of December, 1955, Hart said.

The project calls for the new structure and its approaches to be constructed to a width of 32 feet. A change in the channel of Martis Creek at this location will also be made.

To accommodate traffic in the area during the construction period a short detour will be in effect. Hart said. The work is scheduled for completion in 65 working days.

Inasmuch as the new crossing will be an improvement over the old structure, Placer County funds are being added to federal and state flood relief monies for the project.

DONNER DANCERS TO HOLD FEAST FRIDAY

The Donner Dancers will hold their August potluck supper dance tomorrow evening at the Veterans' Building. Supper will be served shortly after seven with the dance following. There will be no beginners class this week.

Last Friday the dancing party drew four very welcome guests: Erma Glenn of Jarbo Gap; Roberta Mishoe of Corning and Clem and Irene Beythorn of Auburn.

Lloyd Everett, John and Sophie Levr, Shirley Straub, and Darol McGilhon shared the calling honors for last week's dance.

Carroll and Winnie Maynard, Wilbur and Ava Glenn, and Lloyd and Virginia Everett visited the Tahoe Twirlers' dance in Kings Beach last Saturday evening.

SUPERVISORS WILL SET TAX RATE TODAY

The Nevada County Board of Supervisors met today for the purpose of reviewing the 1957-58 budget and fixing the tax rate for the coming year. Chairman H. G. Loehr announced that the final hearing on the budget will be on Tuesday, August 20.

The board will meet next Thursday at which time bids will be opened for surfacing the streets in Truckee.

BE CAREFUL WITH FIRE!

Local Man Badly Hurt In Accident; Others Reported

Truckee Man Is Critically Hurt When Auto Leaves Road

Four weekend vehicle accidents, one of which sent a Truckee man to the hospital with critical injuries, were reported by Sgt. Frank Snyder of the California Highway Patrol.

Seriously injured was John S. Peacock, 34, Truckee bartender, whose car went off the highway a mile and a half south of Truckee on the Brockway cutoff at 7 a.m. Saturday morning. It is believed that the driver may have fallen asleep at the wheel. The car swerved onto a gravel shoulder, crashed through the Joe Joerger ranch fence and overturned in the field.

Peacock was treated at the Tahoe Forest Hospital and then transferred to Reno for specialized treatment. The car was traveling toward Truckee at the time of the mishap.

Hits Parked Cars
Samuel R. Kane, 19, Reno, was taken to the Tahoe Forest Hospital Saturday night at 11:30 when his car got out of control at high speed three miles east of Tahoe City and crashed into three parked cars. The driver was cited for speeding and being on the wrong side of the highway.

The damaged parked cars belonged to Sanford Pachel of Denver, Joseph Morey of San Francisco and Larry Stover of Woodland.

Woman Hurt
Blanche Ferguson, 65, Grass Valley, was taken to the Tahoe Forest Hospital after a car driven by Joseph John Miller, also of Grass Valley got out of control near Hirschdale Sunday at 10:20 a.m. and struck a sign post. Miller had pulled sharply off the highway when a patrol car with a flashing red light appeared behind him. He was not cited.

Held As Drunk
Donald E. Kiernan, 24, San Francisco, was charged with drunk driving after his car crashed into two parked cars in Kings Beach Saturday at 6:10 a.m. Kiernan listed himself as a student. The parked cars were registered to Mrs. Dorothy King of Kings Beach and Billie Randall of Costa Mesa. No one was hurt.

BROWNE STARTS JOB ON LOCAL PARK ROAD

Milo N. Browne, contractor of Kings Beach, began the improvement of roadways in a portion of Donner State Park on Monday. The work consists of grading and shaping, applying a prime coat, and surfacing an access road to camping facilities and a service area.

District Engineer Alan S. Hart said the work is scheduled for completion in mid-September. Howard K. Hardie will represent the division of highways as resident engineer.

Browne submitted a low bid of \$9873 for the work in July.

STRAY BULLET HITS WINDSHIELD HERE

Shooting rifles in the woods above Donner Lake is creating a hazard and officers are asking that the culprits stop the practice immediately or face arrest.

Ed Myers Monday morning at 10 o'clock was driving west along the lake when the windshield of his car was broken by what was unmistakably a bullet fired from some distance away, but which sent shattered glass all through the vehicle. He reported the matter to Deputy Sheriff Roy Waters.

Almost every evening, Myers said, sound of shots can be heard above Donner Lake. Whether or not it is someone target practicing or hunting illegally cannot be determined.

CHINN VISITS

Rex Chinn, assistant passenger traffic and public relations manager for the Southern Pacific, was a visitor from Oakland last week. Chinn is well known here and at one time accompanied the winter sports excursion trains to Truckee regularly during the winter months.

Guests From Capital—

Mr. and Mrs. Frank Franceschini had as their guests this week Mr. and Mrs. Ernest Guidotti and daughter. The visitors had just returned from a trip to Mexico and were en route to their home at Sacramento.

Threatening Fire Near Here Blamed On Carelessness

Cigarette Tossed From Car Starts Fire Along Highway

A burning cigarette tossed from a car just south of the Truckee-Tahoe Wye Sunday afternoon started a fire which threatened the entire Gateway Park area.

The quick response of the forest service truck and the Truckee Fire Department was credited with preventing a disastrous blaze. The forest service truck, equipped with a small water tank held the wind-swept fire in check until the arrival of the fire department.

The powder-dry grass burned swiftly, whipped by a strong west wind and the fire was on the edge of heavy timber when it was checked. A few minutes later, the entire district might have been in flames.

Fire Commissioner A. Pace said that undoubtedly the fire was started near the highway by a cigarette carelessly tossed out a window.

About a half-acre was burned over in the vicinity of the old Truckee Public Utility District's pumping plant.

Frequent warnings have been issued against throwing burning cigarettes from cars, but apparently the warnings are going unheeded in some quarters. All enforcement officers of the region are on watch for violations of this important law and punishment is promised if culprits are apprehended.

Airport Hearing At Tahoe City Friday

A public hearing on a proposal to include the eastern, or Lake Tahoe, end of Placer County in an airport district along with the Truckee portion of Nevada County is scheduled for 10 a.m. Friday, August 9, in the Tahoe Community Center.

The Placer County Board of Supervisors has called the hearing in order to find out what the voters of the area feel about the proposal. To date the proposal has been advanced principally by interests in Truckee with an eye to forming the district within the present boundaries of the Tahoe-Truckee Unified School District.

An earlier hearing in Nevada County prompted its board of supervisors to authorize preliminary planning. Both counties must agree before the district proposal is put to a vote.

Cecil Edmunds of Truckee, chairman of the Nevada County Committee to form the district, has announced that preliminary studies show it would cost in the neighborhood of \$500,000 to construct an airport in Martis Valley between Truckee and Kings Beach on the county road known as the Brockway Shortcut. Of this the federal government is expected to provide 52 percent.

Edmunds also said Tahoe Airlines of San Francisco and Tahoe-Sierra Airlines of Grass Valley have requested to participate in financing construction of the port in order to begin service.

Tahoe Airlines proposes to run scheduled flights from Los Angeles and San Francisco while Tahoe-Sierra plans to operate from San Francisco via Grass Valley, Nevada County.

PUBLISHERS TO HOLD MEETING AT TAHOE

The quarterly meeting of the board of directors of the California Newspaper Publishers Association will be held at Tahoe Tavern, Tahoe City, August 30-31. While the meeting is primarily for board members, past presidents and committee chairmen, member publishers are welcome to attend and participate in the discussions. General Manager John B. Long announced.

DOG VACCINATION CLINIC ON SUNDAY

Dogs of the district will be vaccinated against rabies, Sunday, August 11 between 1 and 3 o'clock at the Truckee Volunteer Fire Department station.

All owners of the animals are urged to take advantage of the allotted time to immunize their pets.

VETERAN OFFICIAL HERE ON AUGUST 12

A representative of the Nevada County Veterans Service office will be in Truckee August 12 for the counseling of any veteran or veteran's dependent, H. E. Nolen, county service officer, announced. The representative will be at the office of the Truckee Judicial District Court between 10:30 a.m. and 3 p.m. on August 12.

From Modesto—

Mr. and Mrs. Tony Besio of Modesto are guests this week of Mrs. Steve Besio and Mr. and Mrs. Ange Besio.

From Utah—

Mrs. Donald Dickerson and daughters, Laurie and Julie of Tooele, Utah, are houseguests of Mr. and Mrs. Earl Stice.

REPORT PROJECTS PLACER POPULACE AT DOUBLE BY '71

AUBURN—Private subdividers and Placer County will have to spend \$116,191,000 on roads within the next 14 years to bring current road deficiencies up to standard and to meet anticipated additional road needs by 1971, Wilsey and Ham, consulting engineers informed the county supervisors last week.

The county is forwarding the report to State Highway Engineer George T. McCoy, who requested the report last February. The report will be embodied with similar reports from other counties and sent to be used in connection with planning the government's multi-billion dollar long-range road construction program.

The 116 million figure did not

include cost estimates for any forwarded to the federal government or interstate highway program within the county, excluding the Highway 40 trans-Sierra program and all state-planned work on Highways 89 and 49.

In submitting the report, William Fitch of Millbrae told the board that it was necessary to make a population growth projection to 1971. He stated his firm estimated there would be a 100 per cent increase in population for the county between now and 1971, or a total of 84,000.

"Many of the back country logging roads will become standard two-lane county highways by that time," Fitch stated, "including a projected forestry road from Forest Hill to Lake Tahoe."

Losses from the 1906 earthquake and fire at San Francisco exceeded \$300 million.

Water Hearing At Lake August 28th

A public hearing on the problem of high water levels in Lake Tahoe and related subjects will be held at Meeks Bay at Lake Tahoe August 28.

The announcement was made jointly by A. M. Barton, chairman of the California-Nevada Interstate Compact Commission of California; and Edmund Muth, chairman of the Nevada commission.

They said that the subject is being investigated by the two commissions, because water levels in Lake Tahoe are related to water problems in both California and Nevada.

Highlighting the importance of the problem will be the expected participation in the hearing by Gov. Charles Russell of Nevada and Lieut-Gov. Harold J. Powers of California.

It is expected that representatives of the respective state governments, the Army Corps of Engineers, U.S. Bureau of Reclamation, property owners in the Tahoe area, the Truckee-Carson Irrigation District, private utilities, and other water users and interested parties will participate.

"The problem of water levels at Lake Tahoe has occupied the attention of property owners and public agencies for some time," the commission officials said. "Its solution is not simple because of the numerous agencies involved and the varied uses of the lake as a storage reservoir."

They pointed out that solution of the problem lies in widespread public understanding of the issues and of the uses of the lake as a water conservation reservoir.

Slight Gain Is Shown In Aged Relief In County

In Nevada County, 417 out of every 1000 people aged 65 and over were on the aged aid rolls for February, 1957, compared with 410 for February, 1956, and 416 for February, 1955, California Taxpayers' Association said today, making public its semi-annual study of trends in relief case loads in California counties.

Aged aid rolls in the county for February, 1957, showed 383 people, compared with 379 for February, 1956, and 397 for February, 1955.

Direct payments of aid to the aged in the county totaled \$63,832 for February, 1957, compared with \$60,409 for February, 1956, and \$57,846 for February, 1955.

State's Prison Population Hits New Record Peak

SACRAMENTO—(CNS)—The state department of corrections reported the total inmate population in its institutions on June 30 was 16,297, a new high record and a 6.4 per cent jump over the same date of 1956.

The department said the population gain was proportionately about the same for men and women.

CERTIFICATE OF BUSINESS

Fictitious Firm Name

The undersigned does hereby certify that he is conducting a General Insurance business on the second floor of the MASONIC BUILDING, North side of Commercial Row, Truckee, County of Nevada, California, under the fictitious firm name of R. N. LITTLE INSURANCE AGENCY, and that the said firm is composed of the following person, whose name and address is as follows, to wit:

Carroll Zane Smith
Post Office Box 245
Truckee, California

Witness my hand this 19th day of July 1957.

State of California ss

County of Nevada ss
On this 19th day of July 1957, before me, James R. Morhain, a Notary Public in and for the said County and State residing therein, duly commissioned and sworn, personally appeared Carroll Zane Smith, known to me to be the person whose name is subscribed to the within instrument and acknowledged that he executed the same. In witness thereof I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

Mrs. Jeannette Mitchell of Sunnyside on Tuesday evening hosted a trout dinner. Guests included Dr. Stuart Dingwall, Loren Holmwood and Constable Harry Johanson, Eleanor Swanson and Dale Mitchell.

Mr. and Mrs. V. L. Dougless of Sunnyside, former residents of Long Beach, on Thursday last at 4 p.m. attended the wedding of their only daughter, Marilyn Dougless of Huntington Park, to Clive Grafton of Compton, held at Travis Air Force Base near Sacramento. The beautiful candle-light, double ring ceremony was performed before the fireplace, bedecked with white gladioli, by Methodist Chaplain Colonel McArthur, in the spacious home of old friends, Colonel and Mrs. Leroy Trumbull.

A reception was held in the Trumbull home following the rites. The groom is the son of Mr. and Mrs. Arthur Grafton of Compton, but was raised in Long Beach where he attended school. He graduated with a bachelor's degree from University of Southern California, and is now working for a master's degree in history.

The newlyweds will enjoy a four-day honeymoon in Carmel before returning to the classrooms.

Had a wonderful letter from Mrs. Jack Wolert of Truckee recently from Yugoslavia, outlining in detail the interesting tour she and her husband are enjoying at their leisure, despite difficulties in travel and often hard-to-get accommodations. They had just come through Austria and Italy and stayed overnight at Fiume, where she went to school as a child. At Zagreb they watched for hours as an immense crowd gathered for a "youth parade," with torch lights. The roads, however, were terrible beyond belief in places, 20 miles an hour the best they could do.

Yugoslavia was beautiful and green, the small farms neat patches of corn, hay, tobacco, grapes and other crops. Water buffalo and oxen drew the plows, children and women herded geese, goats and sheep and were spinning wool. The people were handsome, and friendly, the children most polite. Then on into Greece, a beautiful country where they visited the Acropolis where much new excavation is going on, with the hope of uncovering interesting new ruins. It was hot as she wrote and she could hear the shouts and splashing of the bathers near their hotel, energetic in spite of the terrific heat. They planned to wind their way through Austria, then back to Hamburg, rest a week then on to Vienna, fly to Istanbul, later drive into France and to England in September. Lucky people, the Wolerts. But I'll still bet they're darn glad to get back again to the good old USA!

And speaking of traveling reminds me of a letter, delayed through being misplaced, which

**Toddler Traffic Toll
Given Analysis By
State Health Official**

SACRAMENTO (CNS)—Speeding or drinking drivers—admittedly a menace on the highways—apparently are not the cause of typical child pedestrian deaths in Los Angeles, a consultant of the Department of Public Health reports. Dr. Phyllis Wright made a study

told of the interesting ramblings of Mrs. Robert H. Walker (Pat Droste) and her husband earlier this season. They flew to Miami, from there to Trinidad, with three days at Port of Spain, Caracas and other places, with marvelous beaches, swimming and coconut palms, tropical weather and beach boys real novelties. Then they flew on to Paramaribo, Surinam, right in the heart of the jungle where Bob had some business to attend. They found rooms in a Dutch Pension over a Javanese grocery, the neighbors most fascinating in their quaint costumes, and customs. At night one doesn't even bother with a sheet for covering, the weather hot and sticky. There are no windows in the houses, and everyone goes to school, or work on bicycles. Back in Trinidad they were royally entertained by friends, then a stop at San Juan, Puerto Rico, two days in New Orleans then back to civilization once more.

Mrs. A. A. Snyder of Lake Forest has been confined for several days to her bed with illness. Her friends are hoping she will soon be on the mend.

Paul Webb, well known Tahoe Park summer resident who resides with his wife, Marguerite in Loomis, suffered a severe heart attack on Wednesday evening last in his home in Loomis. A late report on his condition has not been received here.

Constable Harry Johanson of Tahoe City, who has been laid up and in considerable pain with several broken ribs suffered in a fall in his home, on Sunday reported he was at last feeling much better. He was able to drive his car again on Monday.

Constable Johanson reports increasing petty larceny on the part of juveniles who are now intent on stealing street, and other signs, especially in Timberland Tract. Anyone witnessing these indiscretions are urged to call the constable.

Mr. and Mrs. Phil Geier are entertaining for the month of August their daughter and her children, Mrs. Charles Bailey and Susan and David, of Arcadia who arrived at Tahoe on Saturday.

**TIMELY TIPS
by MRS. MARIE HENRY**

If your baby's formula depends upon a powdered mixture keep an extra supply in the house, along with at least a seven-day supply of canned milk. When mixing to use, or drink, use only water that you know is safe.

of the deaths of 85 children under 15 years of age who were killed as pedestrians or cyclists in traffic accidents during 1952-55.

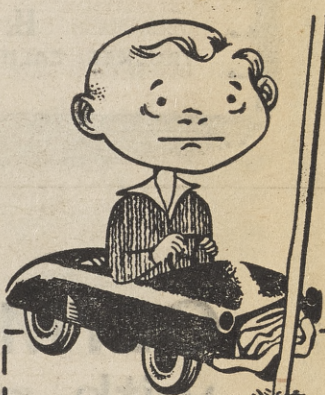

"It appears that the typical child pedestrian is not, as might be supposed, the victim of a speeding or intoxicated driver who mows the child down before he can escape," she concluded.

"Rather," Dr. Wright continued, "he is typically a small child, often a pre-schooler, who, while playing without supervision in front of his home, darts out into the path of an unfortunate driver. He is often not observed by the driver of the car, perhaps because of his small size."

"Usually he dies of a head injury before adequate medical and surgical treatment can be instituted."

Dr. Wright's report said from the facts of the study it appeared better traffic engineering, more traffic lights and stop signs, or better law enforcement would not provide the answer to the problem of child pedestrian fatality. She noted few such accidents now occur in the neighborhood of schools.

"It may mean that in concentrating of devices such as yellow crosswalks, stop signs and crossing guards, we may be creating a false sense of security in the child who is thus taught to believe that he may enter and cross safely in any crosswalk without exercising due caution in looking for oncoming cars," Dr. Wright said.

Ninety-one per cent of the green coffee imported into the United States in 1956 came from Latin American countries.

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box, 711. Juniper 3-3187

Sees Comet

We were among the lucky ones who saw the comet Friday night as it made its most majestic way across the sky. We even had time to hope it was visitors from some place else, which of course it was, and it looked as if they were going to land just over the hill from us. It was an amazing and beautiful sight and one we are grateful we saw. It shows just another advantage of not living in a house. If snow could fall without being cold I don't think I would move inside.

Rotary Busy

Thirty-three visitors joined 27 members of our local Rotary at their weekly luncheon meeting at the Tahoe Inn. Ralph Goodrich of Amhurst, Mass., was the farthest from his home club and was given a large color map of Lake Tahoe in recognition of his great distance from home. George Kehlet of Meeks Bay spoke briefly about the efforts of the Nevada-California Lake Tahoe Association to organize all peace officers so that each area would receive uniform law enforcement. Program Chairman Basil Keho, introduced Paul Beckman and Carl Thomas of the Sacramento State Summer session, which is going on now at the Tahoe Lake School. Beckman said the enrollment has hovered between 70 and 100 each week. Thomas introduced the cast for the stage play, "Rainmaker," and they put on two scenes from the hilarious comedy.

Delightful Play

And the "Rainmaker" was a de-

lightful, hilarious comedy. We enjoyed it very much and learned that both nights were equally attended to the standingroom only mark. The new temporary stage at the east end of the auditorium and its three sets for the scenes of the play were excellently done. The swift change of scene in darkness seemed to make the play go so fast. Certainly the cast and production staff deserved the applause they were given. Their next production will be staged Wednesday Thursday and Friday, August 21, 22 and 23. The Sierra Sun will have the announcement about the play.

Joins Marines

Mayton Record became a full time marine on Sunday, July 23. He had been in the Marine Corps Reserve this last year. He is now in boot camp training in San Diego and tells his parents that if the other gravel crunchers can make it so can he. He joined several other men in Reno and they were all taken to San Francisco from where they flew to the southern city training camp.

Back Home

Charles Neilsen and his wife, Mabel, and the two children, Barbara and Dick, are back from their summer holiday to Chico where they visited many members of their family and other friends.

Return

Mr. and Mrs. Steven Marvin are back in their home in Tahoe Park

LAND AND SEA—Private First Class Wayne Wilson (left) of Mena, Ark., gets the benefit of Sergeant First Class William B. Painter's 13 years' experience with DUKWs as he works on one of the amphibious vehicles at Fort Story, Va. Painter, from Fulton, N.Y., is one of only eight DUKWmasters in the Army today.

More Banking In Less Banks, Report Indicates

SACRAMENTO (CNS)—Banking activity in California is on the increase, but in a decentralized pattern, the state banking department reports.

The department said in the year ending June 30, the number of banks decreased by eight, from 153

after several weeks absence in the bay area and southern California.

Hosts At Buffet

Mr. and Mrs. Norman Wilson were hosts to several friends and neighbors at an international buffet supper last Saturday evening. The dishes sound fabulous and smack of far-away places: Swedish meatballs, Russian eggs, Italian salad, French wine and seafood sauce over Indian rice, Vienna sausage with noodles, and hors d'oeuvres from everywhere. Those sharing this repast were the Ralph Raushers, the John Legras and their two guests from the bay area, the Robert Murrays and their three children from Pleasant Hill, the Bob Boyers, the Ron Bois, Miss Cindy Hickey from Squaw Valley, and Nilo Limatani. Mr. and Mrs. C. W. Hollebaugh, parents of Holly Wilson, were also there. They have been visiting for the last 10 days.

To Hawaii

Duane Pomin and Joanne Spitsen sail Saturday, August 10 at 4 p.m. on the Leilani for the trip of so many dreams, to Hawaii. The girls will be gone for four weeks and will also return by ship. A bon voyage party on board just before sailing time will be attended by many Tahoe City people as well as by bay area friends of the two girls. Mr. and Mrs. Martin Spitsen, will, of course, go down as will Mr. and Mrs. Bob Pomin. Also Mr. and Mrs. Jay Shontz and Mr. and Mrs. Norman Mayfield will attend the going-away celebrations.

From Islands

Other Hawaii visitors from the lake area are Paul and Howard Cincotta who have spent the summer there and will return in time for school, and Mr. and Mrs. Al Cavallo will return by the mid-month.

Garden Reception

The garden reception of the Cavallo wedding was lovely. The day was perfect as wedding days (even in the rain) always seem to be and the setting out under the trees at the Bean garden will long be remembered. Miss Jeanne Kassey's singing in French of "Be-cause" was also memorable. She sang unaccompanied except for the little wind and a bird or two. Besides the wedding cake and punch each guest received a little package of groom's cake baked by Geri's mother. This fruitcake recipe has been used at weddings for a long time in the family.

Farr Guests

Hal and Lillian Farr have had guests in the last week: Hal's sister and her husband, Mr. and Mrs. William Hearne and their children from Oakland were in the area for a few days and Private First Class Florence B. Vernon from Hamilton Air Force Base had a weekend pass to be home.

Open House

Thirty-one members and guests of the Women's Club of Tahoe met for luncheon Thursday at the Trade Winds in Kings Beach. Paul Beckman of the Sacramento State Summer School was the main speaker of the day. He thanked the women for their great help in all they did to help out with the drama productions and other activities of the school.

Mrs. Enrico Giannini and Mrs. Kenneth Marvin are taking care of properties for the forthcoming play. Mrs. Jay Shontz served punch last week and the Mesdames Steve Korich and Ernest Le Pire will take charge next Monday.

President Mrs. Don Snyder wishes to express special thanks to Joe Ross for the lovely luncheon.

The club's next meeting will be a barbecue at the home of Mrs. A. A. Snyder in Lake Forest in honor of the Reno hospital veterans. This is the fourth picnic for the men who are able to have outings.

Legislators Find Checks Missing On Usual Payday

SACRAMENTO (CNS)—California's 119 legislators—most of whom will agree their \$6000 annual stipend is under payment—were really hurting when they received their monthly pay envelope this week.

The envelopes were empty. After an excited call from one assemblyman, the state controller's office began to make a check. It seems a new messenger had picked up a batch of empty envelopes and run them through a postage meter. The new envelopes, complete with checks, were prepared post haste.

to 145, but the number of branches increased by 88, from 1225 to 1313. The total for banks and branches was 1458 on June 30, a gain of 80 over the same date of 1956.

Boards Turn Down Deer Hunts Despite Commission

SACRAMENTO (CNS)—Even in advance of the effective date of a bill on deer management expressing the will of the legislature, and the people, the sentiments appear to be making an impression on some members of the California Fish and Game Commission.

The time for disregarding wishes of the boards of supervisors seems to have passed, even though the bill which gives local supervisors veto powers in the conducting of special deer hunts does not become law until September 11.

Meetings in Los Angeles the commission approved nine special deer hunts, to be held during and after the regular season, but rejected proposals for three others. Hunts were rejected in Los Angeles, Ventura and Santa Barbara counties.

Save 10% on all Standard Roof Coatings!

By taking delivery before the end of August, you can save 10% on any of the complete line of Standard Roof Coatings. These easily applied coatings add extra years of life to roofs of all types.

Standard Aluminum, Asbestos, and Asphalt Coatings included in this offer may be used on prepared-paper, saturated felt, and metal roofing. They are also suitable for brick, stucco, concrete, and structural steel. Now is the best time to apply roof coatings, so order today and save 10%.

LOCAL STATE MEN
NAMED IN ACTION

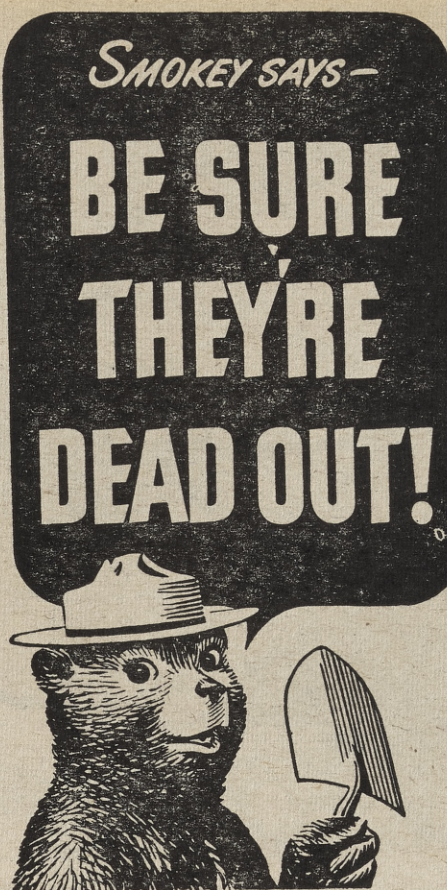

NEVADA CITY—Two separate personal injury suits have been filed in the Nevada County Superior Court against the State of California and employees of the division of highways for alleged negligent repair and upkeep of a section of U.S. Highway 40 near Floriston.

Plaintiff in the first suit is Kikuno Kashiwabara and plaintiffs in the second are Reiko Takei, a minor by her guardian ad litem, Takekuma Takei; Mrs. Takei, and Fumiko Takei. In the complaint they name the state, George T. McCoy, J. W. Trask, R. I. Nicholson, F. W. Fox, Patrick Hughes, E. L. Andrews, R. M. Luck, H. W. Cardinal, W. R. Fordham, A. C. Kehm, G. A. Benting, A. F. Ayala and four Does.

Both complaints claim that on September 11, 1956, while the plaintiffs were in an automobile being driven near Floriston on Highway 40 a section of this road which was in a "dangerous and defective" condition with an unsafe surface caused their car to leave the road and roll into the canyon.

Mrs. Kashiwabara in her suit asks \$65,000 general damages plus medical expenses and loss of income. A sum of \$10,000 in the second complaint is asked for Reiko Takei plus medical expenses on behalf of Mrs. Takei, and \$25,000 general damages for Fumiko Takei plus \$1,238.59 medical expenses to date.

KEN ADAMS QUITES
AS STATE WRITER

SACRAMENTO—Kenneth C. Adams, information officer for the state department of public works, will retire October 6 at the age of 70, Works Director Frank B. Durkee announced.

He will be succeeded as information officer and editor of the department magazine, "California Highway and Public Works," by Richard Winn, of Piedmont, a former California newspaperman and retired navy public information officer.

Adams started with the department in 1935, after a varied newspaper career that included two spells as political editor of The Chronicle just prior to and following World War I.

Former Placer Nurse Is
Now In Nevada County

AUBURN—Myrtle Parrish, director of nursing during the administration of Dr. Ruth Moldenhauer as director of the Placer County Health Department, has been added to the Nevada County Health Department staff at Grass Valley under a contract between county and state health services.

Miss Parrish has been in public health nursing work for seventeen years. Her appointment was announced last week by Dr. George Foster, Nevada County health officer.

Miss Parrish resigned her job in Placer County last spring.

where C. Ray Robinson of Auburn and the firm of Maruya and Tokozeki of Los Angeles.

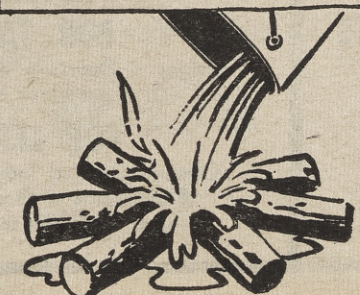

NOTICE OF FINAL HEARING
ON 1957-58 BUDGET

Notice is hereby given that the Board of Supervisors of the County of Nevada, State of California, will meet on Tuesday, August 20, 1957, at the hour of 10:00 o'clock A.M. thereof in the chambers of said Board in the Courthouse, Nevada City, California, for the purpose of considering the Final Budget of Nevada County for the fiscal year 1957-58.

Copies of the Preliminary Budget pamphlets are available to taxpayers requesting them in the Auditor's office. Any taxpayer desiring to appear before said Board of Supervisors and be heard regarding any increase, decrease, or omission of any item of the Budget or for the inclusion of additional items is invited to do so before final approval is ordered, which said final approval must be given according to the Government Code of the State of California on or before August 31, 1957.

JOHN T. TRAUNER,
County Clerk & Ex-officio
Clerk,
Board of Supervisors,
County of Nevada.

Winners Are Revealed
In Water Ski Meet By
Lake Tahoe Yacht Club

TAHOE CITY—A good crowd was on hand on Saturday and Sunday last at New Chambers' Lodge for the annual water ski carnival staged by the Tahoe Yacht Club. Approximately 60 were entered in events of the program.

Men's slalom went to two first place winners who tied for top honors. They were Lewis Fellows of Carnelian Bay and Doug Bourne of Roundhill, Nev. Third place was won by Kit Glegg of Santa Rosa.

Men's trick event went to Bob Smith of San Carlos, Emery Johnson of Marysville second and third, Doug Bourne.

Women's slalom was won by Gloria Westphal of Ross, Marin County; Mar Jo Miller of Sacramento second and Susan Good, third.

Women's tricks event was taken by Susan Good, first; Mary Jo Miller, second; and Gloria Westphal, third.

Boy's slalom for those up to 17 was won by Tom Shortt of San Diego; second was Bob Kimball of San Diego and third, Zob Piziali of El Cerrito.

Boy's tricks event went to Ni Orsi of Stockton; second place to Mike Mettler of Bishop and third to Alan Bray of Oakland.

Girl's slalom was won by Bonnie Visel, Piedmont; second, Linda Lucot of Sacramento; third to Judy Murphy of Piedmont.

Girl's tricks event went to Stannie Elizabeth Good; Bonnie Visel, second; and Linda Lucot, third.

Children's slalom, for those 13 and under, was won by Ni Orsi; second was David Fincher of San Diego and third, Carolyn Shaw of Bell.

The group exhibition event was taken by the girls team of the "Ski Bunnies," consisting of Susan Good, Gloria Westphal and Stannie Good.

Ni Orsi, 12-year-old Stockton expert, won the ski jumping. Cups were awarded winners, according to Susan Good, publicity chairman for the regatta.

National forests contain more than an acre apiece for every man, woman and child in the United States.

partner in John Muir & Co., New York stockbrokerage firm. He and his bride will be at home in New York after October 1.

Marriage Of Mrs. Rustad
In South Is Announced

SANTA BARBARA—Mrs. Marion Dudley Tobey Rustad was married here to John Bainbridge Fitzpatrick of New York. The ceremony was performed in the home of the bride's stepfather and mother, Mr. and Mrs. Paul Gammons, a Presbyterian minister.

The bride is the daughter also of the late Earle Deyo Tobey, who was owner and publisher of The Poughkeepsie (N.Y.) Sunday Courier, founded by his father, the late Arthur Greeley Tobey.

Mrs. Fitzpatrick is an alumna of the Madeira School and Vassar College, class of '33. Her marriage to Kjell Haakon Emil Rustad ended in divorce, as did Mr. Fitzpatrick's previous union.

Mr. Fitzpatrick, son of the late Mr. and Mrs. John F. Fitzpatrick of St. Paul, is a Yale graduate and a

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the Owner, will receive up to but not later than 3:00 P.M. on the 29th Day of August, 1957, sealed bids for the award of a Contract or Contracts for construction of an Addition—Classrooms and Locker Rooms—to the Kings Beach School, Kings Beach, Placer County, California. Such bids shall be received at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway No. 40 near Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

CRAFT	Hourly Wage Rate	Per Diem Rate	Holidays & Overtime
Boilermakers	\$3.45	\$27.60	\$6.90
Bricklayers	3.80	30.40	7.60
Carpenters	3.475	27.80	**
Electricians	3.67	29.36	7.34
Glaziers	3.055	24.44	6.11
Iron Workers—Reinforcing	3.15	25.20	6.30
Iron Workers—Structural	3.40	27.20	6.80

Painters & Decorators—Brush	3.20	25.60	6.40
Plasterers	3.55	28.40	7.10
Plumbers	4.60	36.80	9.20
Roofers	2.975	23.80	5.95
Sheet Metal Workers	3.45	27.60	6.90
Tile Setters	3.28	26.24	6.56

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sunday and Holidays shall be considered overtime and paid for at double the straight time rate unless otherwise specified herein.

** For the first four hours after the regular work day, overtime shall be time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday and holidays shall be double time.

*** For the first four hours after the regular work day and Saturday morning overtime shall be paid for at the rate of time and one-half. All other time worked shall be double time.

**** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one-half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024 1/2 J Street, Sacramento, California, upon receipt of \$25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 6th day of August, 1957.

226 BUY HOMES IN WESTWOOD SALE AS MORE OFFERED

Phil Cothern, property manager for the Greater Westwood, announced this week that 226 persons have reserved a home or fully improved lot in Greater Westwood, Lassen County, since the re-birth of this once restricted community was made to the people of Truckee four weeks ago.

Cothern said this large number was accounted for in part in view of the fact that Westwood is close to one of the largest man-made lakes in the world, Lake Alman, stocked with lake trout, and only a hop and a skip from a dozen fine trout streams.

It is also close to the greatest deer population in northern California and a short distance to the mule-tail deer area.

"It is also certainly because these homes and desirable sites are now being offered at bargain basement prices," Cothern declared.

This once sleepy little lumber town, midway between Chester and Susanville, was created some time after the turn of the century when the Red River Lumber Company moved westward from Minnesota. It was a company-owned town then, and all of the homes, built of prime lumber from the high Sierras, were rented exclusively to the workers in the mills and in the woods. Each home was substantially and ruggedly built, and fully equipped with utilities.

Then the stands of ripe lumber petered out, and a few years ago the Red River Lumber Company sold out to the Fruit Growers Supply Company.

They in turn, due to changes in policies, decided to close down the huge mill at Westwood, and the

MOST COUNTY JAILS IN STATE ARE POOR

SACRAMENTO (CNS) — About three-fifths of California's county jails have been rated as "poor or very poor" in a survey made by the Special Study Commission on Correctional Facilities and Services.

The group rated one-third as fair in over-all performance and one-twelfth as standard.

Half the county central jails were 32 years old or more in 1955 and the jails averaged being overcrowded by 39 percent. San Joaquin County was overcrowded by 466 percent.

"Because of overcrowding and limitations of building design, most counties were unable to comply fully with penal code provisions regarding segregation of inmate types; even more counties were unable to comply with the moral requirements for segregation of certain types," the commission said. "Jail design, both old and new, frequently contained features of an obsolete, inefficient or dangerous character."

The commission county jail populations had grown in about the same manner as state prisons, with 14,421 in the jails in the spring of 1956. A total of 235,773 persons were booked in county jails during 1955, with 42.4 percent of the

charming little town appeared about ready to join the long list of California ghost towns as recently as a little over a year ago.

But when the folks of Greater Westwood saw the possibilities of Westwood, and its unusually ideal location for the hunter, the fisherman and the vacationist, they bought it up lock, stock and barrel—including its blocks of fine homes.

The board of governors of the Sierra Junior College met Tuesday night at Auburn to approve the proposed 1957-58 budget. The five member board is slated to

meet again August 13 at which time a report from Architect Gordon Stafford on the proposed new college buildings will be discussed. The members of the

board, pictured above are: left to right Hal Welch of Truckee, Chairman Willard Dietrich and Herbert Perry; back row: Dick Lee and William Francis.

total booked for drunkenness. The city jails for 1955, there were 472,202 bookings, with 52.9 percent of them for drunkenness.

The capacity of a single traffic lane per hour is 1575 passengers in autos, 9,000 in buses and 13,500 in street cars.

CHANGES ANNOUNCED IN PERSONNEL OF PATROL

Captain Ruel Blohm, who will take over the Grass Valley California Highway Patrol station, was among the 200 persons who attended the retirement dinner for Captain Joseph Blake, a veteran of

ficer and for many years in charge of the squad at Grass Valley.

Another transfer of interest to local people was that of Sgt. Ed Freeman, formerly of Truckee and more recently with the patrol academy at Sacramento, who has been assigned to Alturas.

BE CAREFUL WITH FIRE!

Rabies Symptoms Are Explained By Health Officials Of County

A question frequently asked of the Nevada County Health Department is, "How Can I Tell if a dog has rabies?" Following is a description of the common symptoms of both "Furious" and "Dumb" rabies in dogs:

FURIOUS RABIES

During the early stages of the disease, the dog may appear quite normal and may even be more friendly and affectionate than usual. But despite its friendliness, the dog is easily irritated, especially if restrained. If picked up it will try to get away and if not promptly released, will bite. Children are commonly bitten, because they pick up the friendly looking dog and hold onto him when he tries to get away.

Other early symptoms are restlessness and excitement. The dog will seldom lie still, but will snap at flies and chase chickens, cats and other animals. There is also a tendency to eat sticks, straw, dirt and other indigestible material. After one to three days, the dog may become extremely vicious, biting any living thing that gets in its way. The eyes become glazed and are constantly wide open. Often there is a paralysis of the throat, resulting in a peculiar howl-like bark. During this stage, the dog will usually roam the countryside, attacking any person or animal that comes in its path.

Within a few days, paralysis develops, shown first by a wobbling or staggering walk and paralysis of the jaw. This paralysis persists until the animal can no longer stand. Dogs with "furious" rabies may live as long as ten days following the first symptoms.

TRUCKEE BIBLE CHURCH

Teen-time will meet this Friday at 7:30 in the home of Mr. and Mrs. William Englehart, Jr. Young people from the Tahoe Bible Church will be on deck to plan future exchange meetings and good times for each week. All teen-agers are invited to join in the fun.

Pastor of the Truckee Bible Church, Roy S. Rhoades, Jr., has become permanently affiliated with the Student Missionary Council whose headquarters are in Tacoma, Wash. Next summer there will be several teams of young students teaching Vacation Bible Schools in small areas around Truckee.

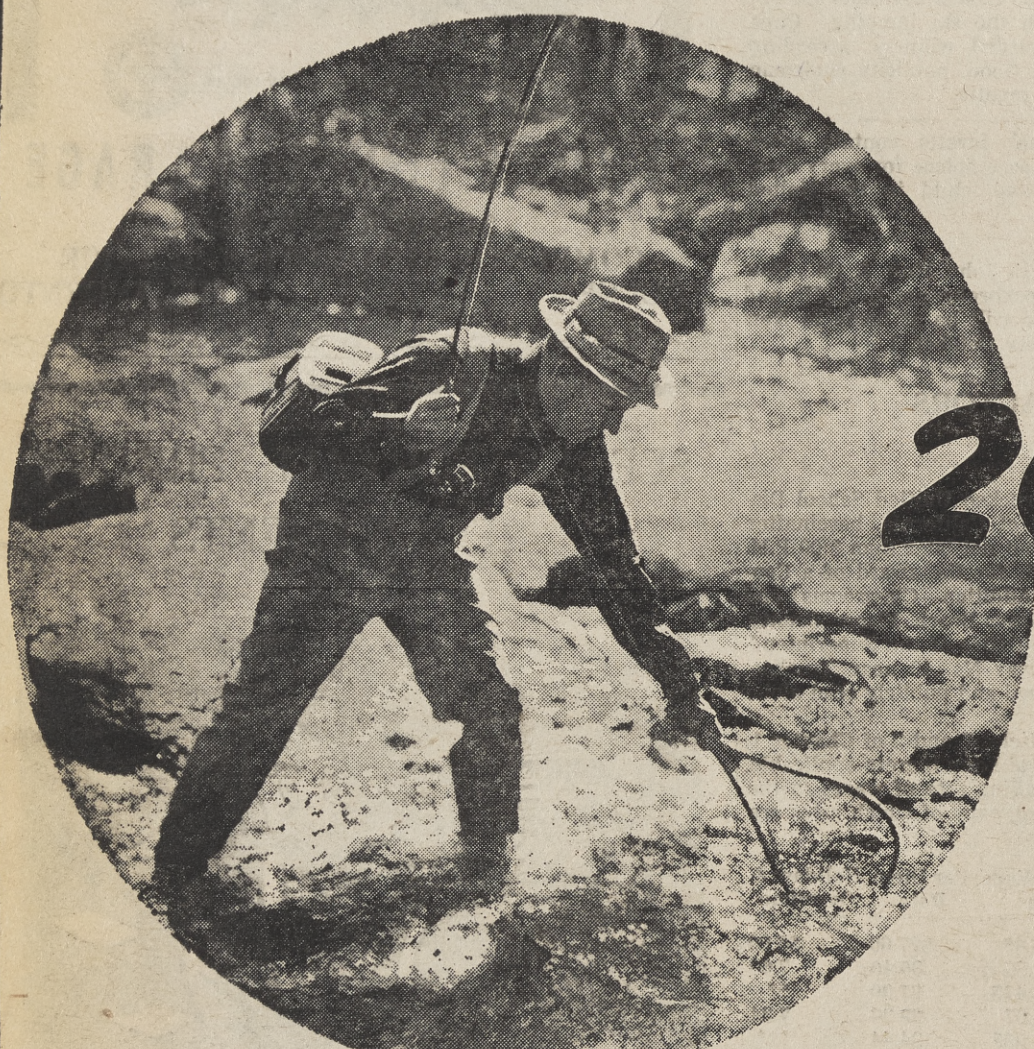

Dumb Rabies

In this type of the disease, the early symptoms consist of sleepiness and depression, and the dog will try to hide or get away by itself. These symptoms are soon followed by paralysis of the jaw, throat and leg muscles. There is no irritability or tendency to bite but persons may be exposed to infection by trying to look into the throat or give medicine. Animals so affected seldom live more than three days after developing the paralytic symptoms.

The majority or rabid dogs will show symptoms of both types of the disease, starting with the "friendly" period and progressing through the "furious" form to the paralysis of "dumb" rabies.

Dogs and other animals suffering from furious rabies are fearless. Rabid wild animals, such as foxes and skunks, will fearlessly invade farm premises and attack persons, dogs and livestock. The disease seems to make them insensible to pain. Blows and gunshot do not frighten them.

If any animal is seen with any of the symptoms mentioned above a veterinarian should be called immediately.

266* RESERVATIONS IN 3 WEEKS

**TO BUY HOMES AND LOTS IN
GREATER WESTWOOD**

(Lassen County, California)

*197 homes...69 improved lots reserved. Only 344 homes and 55 improved lots remaining!

PEOPLE WITH VISION ARE SIGNING UP FOR
THE BIGGEST HOME BARGAINS IN HISTORY!

Not since the days of the '40ers has California seen such a *rush* as the one now going on in Westwood! Despite the fact that no wide-spread announcement has been made (our preview notice has been limited to a few, select Northern communities) . . . 266 reservations to buy have been made in just 3 weeks! Westwood, in Lassen County, has a long history as an important lumbering center with its natural hunting and fishing environment but, as a company-owned town, property could not be purchased. Now . . . at last . . . you can own a home here and actually pay less for the house and improved lot than many people have paid for an undeveloped lot!

DO IT YOURSELF! TO SENSATIONAL REMODELED HOMES ARE READY NOW AND FOR SALE—TO SHOW YOU WHAT CAN BE DONE! The reason you save so much is that these GREATER

WESTWOOD homes are offered on an "as is" basis. You'll be delighted to see what can be done with a hammer and nails, a paint brush and a little *do-it-yourself* effort—when you visit the remodeled homes now ready for your inspection and purchase.

DON'T DELAY! THIS IS A FIRST-COME, FIRST-SERVED PROPOSITION! When these homes are gone, this offer can never be repeated! That is why we are giving the Northern Californians (and our near neighbors in Nevada) the *first chance to buy!* Remember, when these homes are offered to the general public outside the area, the prices will necessarily be increased because of greater selling and advertising costs!

DEPOSITS ARE NOW BEING ACCEPTED! You can make a reservation now for one of these homes or improved lots . . . at the greatest saving ever offered! If you cannot visit Greater Westwood this week end, write or call us now! We'll be happy to send complete details *without obligation!*

"IN THE HEART OF THE HUNTING AND FISHING COUNTRY"

STRICTLY STRICKLAND

By Bill Strickland

STRICTLY—Some of the back country roads are getting more than their share of traffic these summer weekends. The Ice Lakes Sierra Lakes sales and promotion program has brought a lot of people up to look over the sites, the Palisades Lake development is thriving, and the area in general is benefitting. Yesterday afternoon in one three-mile stretch we met 17 cars. That's not many, except that 10 years ago, you could have parked any place in the same strip, and not seen a single car all day.

Horseback riding is a very popular pastime on our Mountain Top. During the pre-war days, Dennis and Muriel Jones kept a string of real fine saddle ponies at the Soda Springs corral, barn and stables. Since both the barn and stables have been removed to provide an area for winter parking, the horse strings, like the customers, are transient. Lonny Goss still brings his horses up every summer. As does Ed Fischer. Quite a few were availing themselves of this pastime yesterday. We saw Patty Nast out with a group of friends. Patty is one of our outstanding junior skiers. Starr Walton rides a lot in the summer time, too. She has her own mount, however, a honey colored mare she has named "Klassi."

Soda Springs looks also, again, like it might become a sheep-shipping center. Many bands of the woolies are grazing on the mountain sides and in the meadows. But, unlike years ago when they were herded into the pens and shipped via Southern Pacific railroad, they are now transported by truck. A little more flexible and mobile. Probably before long the trucks will go to the sheep. So maybe Soda will again be one of the biggest sheep shippers.

Have you seen the printed cards reading: "Why be difficult, when with just a little more effort you could be impossible!"

WOMEN OUTNUMBER MEN AT VOTING POLL.

SACRAMENTO (CNS)—The day of the baby-kissing politician may be on its way back. Women already may be going to the polls in greater numbers than men and are likely to increase their numerical advantage in future elections. The bureau of census estimated there was 4.6 million more women than men in the civilian population of voting age last November.

BE CAREFUL WITH FIRE!

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO—(CNS)—Of the 120 Californians who spend part of each year in Sacramento attending to the state's legislative business, there are few who don't stand to gain something personally from their membership in the state's most select fraternity.

About one-third of the state's legislators are attorneys, roughly one-sixth are in the insurance or real estate business, and possible one-seventh list their occupation as rancher or farmer. There are public relations persons, engineers, industrial relations consultants, railroad dispatchers, and milk farmers.

There are pharmacists, a movie and television actor, and teachers. Thus, the question always is present as to how much influence a particular legislator should exert to gain favor for his particular profession, business or industry. And equally prominent is the matter of how much of a trade, following or clientele does a legislator gain from the sheer fact that he is a legislator.

In almost all cases this question can be answered that the influence exerted or the business gained is entirely proper. What could be more proper, for instance, than an attorney or businessman who is respected enough to be sent to the legislature is entitled to whatever business this high repute may gain him.

After these questions and answers, however, the field narrows to the gray areas. The scrutiny descends on the few among the 120 who have no visible means of support other than the legislature, or those who have selected new fields since their arrival in the legislative halls.

Plus that, there are those who obviously have misused the public trust while holding legislative office—as brought out by the liquor scandal investigations of a couple of years ago.

The general term, "conflict of interest," covers all of these matters.

But in a situation where the honest are interspersed somewhat with the fairly-honest, or not-quite-so-honest, it's difficult to apply one set of standards to the whole. What may be perfectly legitimate for one lawmaker may come under suspicion for another.

These are some of the problems that were encountered by Assemblyman Fran Lanterman (R-LaCadena) when he embarked on a "conflict of interest" crusade during the recent legislative session. Lanterman introduced bills patterned after those on the lawbooks of the

"I'm PARKY, the tidy kangaroo, and I've got a problem! My job is to pick up the litter some people throw along our highways and leave in our picnic grounds. And frankly, people leave so much I don't have time for MY litter—I mean Junior there. Won't you help me to tell people not to throw things around in the first place? Thanks—I'll be seeing you."

state of New York. They would have set up a committee to judge the ethics of members of the legislature and set forth certain taboos for legislators.

For one thing, they would have prevented any legislator from taking pay for representing any group, organization or business before a state agency. This would have encompassed such things as attorneys appearing on liquor law violation cases, attorneys representing businesses on tax matters, or even dairyman-legislators speaking for the milk trust before the department of agriculture or its bureau of milk control.

The Lanterman bills failed to get off the ground, as was indicated at the time of their introduction. For, even as far as they went—and many of the objections to them were that they were too broad—they wouldn't have reached the very thing they were aiming for.

They couldn't have prevented the milk trust legislators from pursuing their freeze-out course, the teacher-legislators from gaining

new benefits for the California Teachers Association and they wouldn't have prevented the attorney-legislators from gaining

new clients by virtue of their high office.

SIERRA SUN ADS PAY!

STREAM POLLUTION IS MAJOR PROBLEM FOR FISH AND GAME

by EDWIN S. CAPPS
(Capitol News Service)

SACRAMENTO—(CNS)—While millions of sportsmen's dollars go into production of trout, eradication of rough fish from lakes and streams, their restocking, and stream clearance work, the shaky jurisdiction over water pollution is little short of ridiculous.

Pollution of the state's great rivers is a problem that will grow as more industry seeks the available water in parts of California and the normal rapid growth of the state continues.

A recent preliminary discussion of a proposed pulp plant on the Sacramento River near Anderson, in Shasta County, brought to light just how inadequate present laws and regulation concerning pollution really are, as far as fish life is concerned.

The procedure of detecting pollution, isolating the offenders and taking steps toward enforcement of existing laws shows the unmistakable stamp of the engineer. There are notices to be issued, hearings to be held, all taking time.

Fish and stream life, unorganized and uneducated for the most part, can't wait that long.

The department of fish and game is aware of the problem and often is forced to assume the role of the villain in casting shadows of doubt and uncertainty upon proposed new developments, such as the Anderson pulp plant.

If there is any doubt that the industrial representatives lack effects the various chemicals have knowledge about pollution and the on water, it can be dispelled rapidly by listening in on a hearing of the pollution control boards. They know exactly how much of which chemicals will be put into the water through various degrees of treatment.

It's true that industry in general is coming to realize it has a public relations, if not moral, obligation

to fulfill as far as prevention of pollution is concerned. However, industry is still operating for profits.

Probably one of the biggest boosts sportsmen or those who use the rivers for recreation will receive will come from setting of policies on water quality—for purposes of irrigation or domestic use. Water quality has become a big consideration now that engineers are talking about transporting water from northern California to the arid southern counties.

The farther water is carried in a stream channel and the more runoff it picks up from irrigation fields, the lower the quality becomes. And, while water is all wet and looks about the same, the absence of certain minerals or elements and the addition of others can make it undesirable for irrigation usage, as well as injurious to fish life.

The regional water pollution control boards generally are aware of the problems concerning fish life and can be expected to do what they are able to keep up standards.

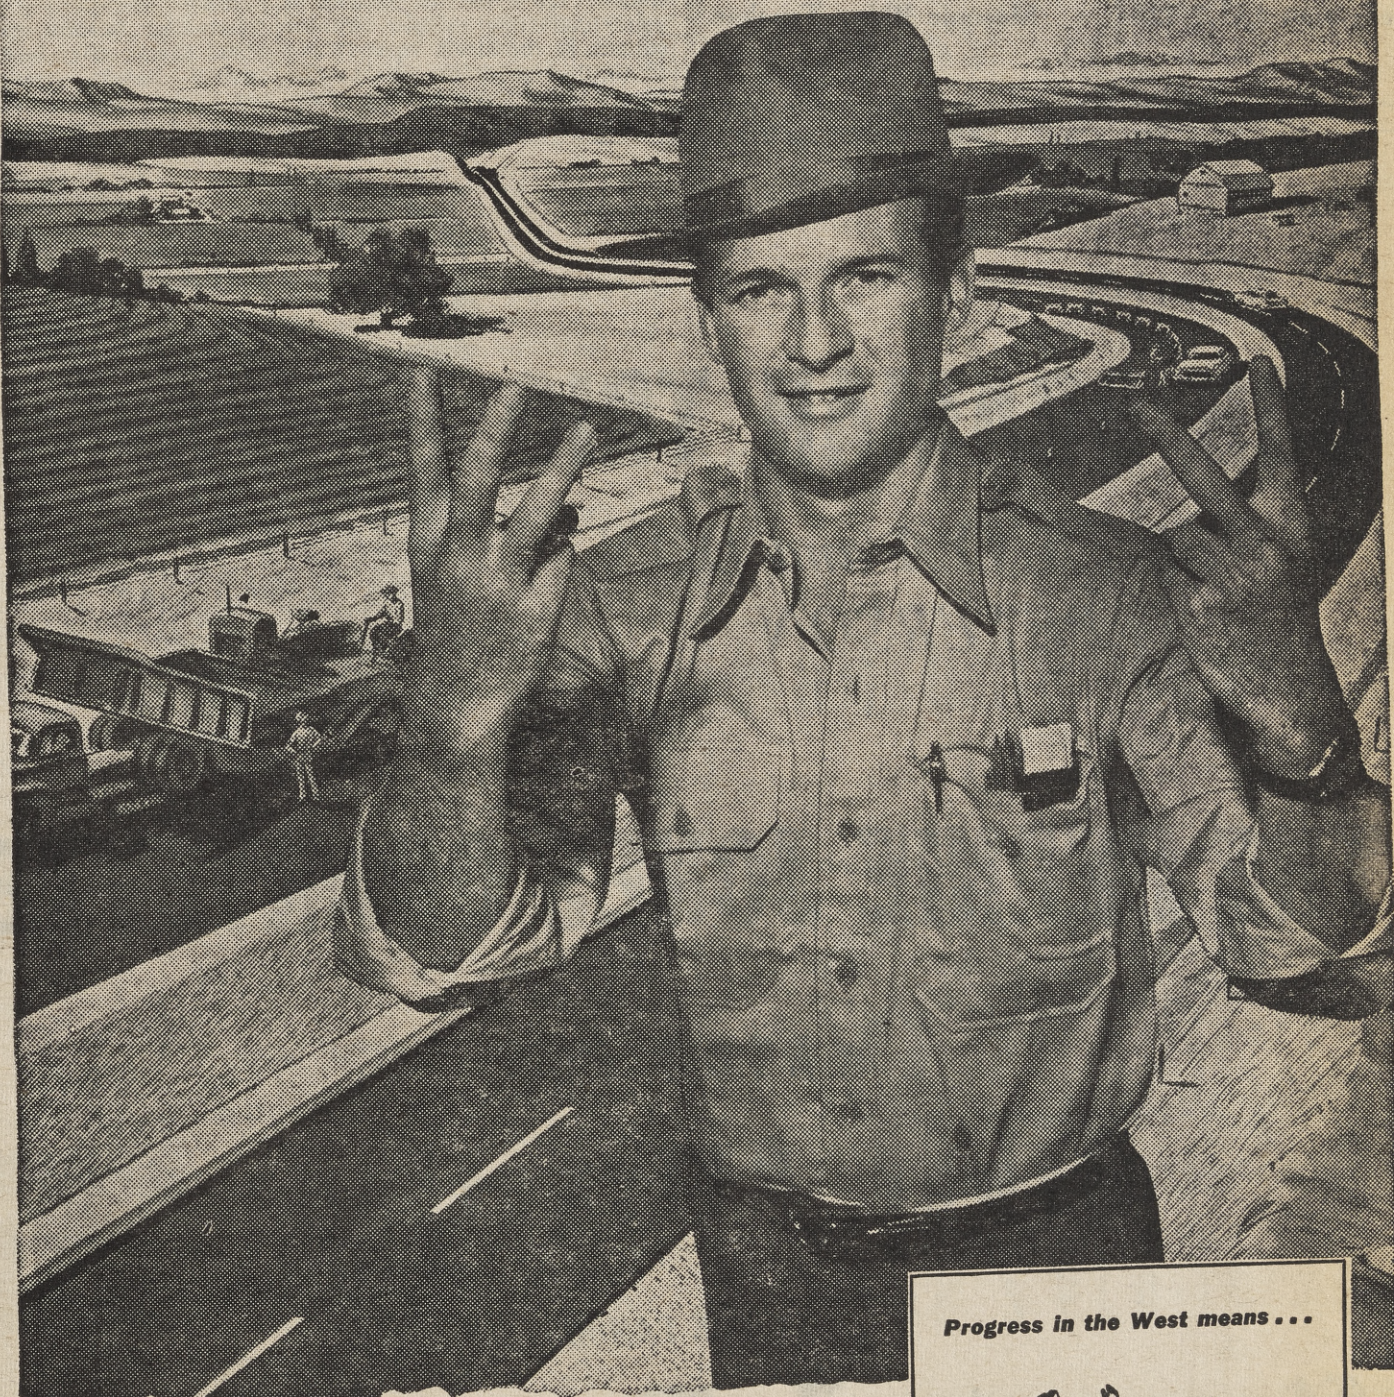

The economic importance of fishing in terms of dollars spent each year also is gaining more consideration.

And, as mentioned before, the department of fish and game can be expected to hold up its end of the matter. Unfortunately, in the past, other interests sometimes have prevented the proper emphasis being placed on pollution.

During the recent legislature, in fact, a charge was made that the department withheld knowledge of a big fish die-off in the San Francisco Bay while a bill outlawing commercial nets in the Sacramento River was being considered. This never was proven but the department, in pressing for passage of the legislation, did relegate problems of pollution to a minor role, while claiming the commercial net men were responsible for depletion of the fish.

Timber is the only living natural resource that adds growth in volume each year.

How Standard helps your tax dollars buy 3 miles of superhighway for the cost of 2

Asphalt can save billions of dollars on the 41,000 miles of superhighways the U.S. will build in the next 15 years

Heavy Duty Asphalt Costs 20% to 50% Less Than Other Pavements. This means extra miles of superhighways for your tax dollars... smoother, more enjoyable miles, too. Safe, skid-resistant asphalt cuts down headlight and sunlight glare, makes lane markers easy to see anytime.

To help bring you more miles of superroads faster and at lowest cost, Standard* operates nine asphalt refineries across the nation. Our scientists work with highway engineers on improved construction and low-cost maintenance methods that can make asphalt highways even better and stronger after years of service.

Progress in the West means...

over 50,000 miles of new and improved highways by 1970

*Through Standard's wholly owned subsidiary, American Bitumuls and Asphalt Company

Get behind the wheel of this amazing new truck!

Another...bigger... Forward Control 'Jeep' Truck!

Here's the world's most advanced truck—the new, more powerful 7,000-pound GVW Forward Control 'Jeep' FC-170 Truck:

- More cargo space on less wheel-base! A 9-foot pickup box on a wheel-base only 103½-inches long. Bed is only 27-inches from ground for back-saving ease of loading!
- New advanced design! Spacious Safety-View cab puts the driver in a Forward Control position for greater command of any driving situation... on or off the road.
- New high for "big-load" maneuverability! 4-wheel drive traction and "go-anywhere" "Jeep" maneuverability carry payloads up to 3500 pounds where ordinary trucks can't go.

Other outstanding features: It's engineered as a 4-wheel drive truck—not a modified 2-wheel drive truck, not a conversion—high torque Hurricane 6-226 engine, time-tested and performance-proved—8-inch ground clearance to prevent off-road "hang-up"—big wrap-around windshield—with power take-off, the new FC-170 operates a wide range of special equipment.

Test-drive this bigger Forward Control 'Jeep' Truck at your 'Jeep' dealer!

HIGHWAY 40 TRUCKEE, CALIF.

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better

NORTH TAHOE

By JUDGE HARRY CHARRISON

On Sick List

Our friend, Harry Stubley, has had a few days in the St. Mary's Hospital in Reno for a checkup which we hope will turn out to be something of a minor nature. Ira Blair took him over. Harry didn't want to stay when he got there, but after gentle persuasion he was made very comfortable. Hurry out, Harry.

Visitors

Mr. and Mrs. McCarter of Crystal Bay had as visitors during the past weekend Patricia Mondon and Patricia Carter. They were from Marysville, and they just loved the lake. As you know Mac is the Washoe County deputy sheriff for Crystal Bay and is an all-year round officer.

Visiting

Bud and Mrs. Rabaska had Bud's father and mother for a few days. They came from Colorado to attend the funeral of Bud's uncle who passed away in Sacramento. The service was held in Sacramento. We sympathize with Bud and his family.

Announcement

We have been waiting a long

time to hear the good news. Well, it finally came and last Sunday at her home in Tahoe Vista, Loma Sorensen announced her engagement to John Edward Moore, son of Mr. and Mrs. Edward L. Moore of Kings Beach. Loma is the beautiful daughter of Andy and Alice Sorensen, who are well known through the Tahoe area. The couple will be married after John returns from Oxford, England, where he will attend the Oxford University as Rhodes scholar. In the meantime, Loma will attend the University of California. We wish this popular young couple all the happiness in the world. Congratulations to you both, John and Loma.

Vacationing

Two swell couples are living at the Johnson home at the back of our home on the golf course. They are Mr. and Mrs. Ray Meng and Mr. and Mrs. Robert Stork and their families. They are from Oakland.

Sunday Windy

Well, here we are at 1:30 p.m. and believe it or not the temperature is 56 degrees and real windy. The lake is rough and the wind is blowing pretty good. No fishing on the lake today, and here we are well into August with Labor Day not too far away.

MILITARY OVERLOOK—During a field problem in Germany, two U.S. soldiers of the Tenth Infantry Division line up their 57mm recoilless rifle high on hill overlooking a peaceful valley.

Wedding

A pretty wedding was held at our home last Saturday noon when Antonio Marquez took Carmen Martinez for his bride in a simple ceremony. The groom was from Mountain View and the bride was from Sunnyvale. Albert Negrete and Mrs. Lupe Negrete were the witnesses. A short honeymoon was spent at the lake, before returning to Mountain View where the couple will make their home.

Changes

Harry Stubley has made some real astonishing changes in his office in Kings Beach. He has two associates with him, Ira Blair and Helen K. Pavack, and according to Harry, business is really flourishing.

Just A Visit

Mabel Reese is up from Las Vegas for a while. She is getting her home ready to sell, as that seems to say that we can't expect them to be moving back for some time. Mabel and Dixie were at the Sierra Lodge before moving to Las Vegas.

Cute Letter

Dear Judge Charrison: We hope you plan to give the Rotary Club a terrific write-up in your interesting column on the subject of the street signs. We're so thrilled about the one on the corner of our place reading: "Chip-

munk St. & Minnow Ave." that we are spending most of our time admiring it.

It was a wonderful thing to do for Kings Beach and certainly gives a metropolitan air to our community, besides making it easy for our summer visitors to find their way around. Again we wish to express our thanks and appreciation to the fine organization which did a wonderful thing for the community.

We, Too

The above was sent to me by Otto P. and Louise Walter and it certainly speaks for all of us. The first sign I saw was only a block away from our home and it was the first time I knew the street's name. For years there had been attempts to name the streets, so at last we have them and we all say thanks a lot and congratulations to the Brockway Rotary Club. "Service at it's best."

Trouble

John Parham of Tahoe City was arraigned on a disturbing the peace charge and was fined \$25 and put on probation for six months and ordered to keep the peace.

Geraldine Dawson was in on a drunk charge after being arrested by Bud Rabaska, deputy sheriff, last Friday night and appeared in

ARAB CENTER OPENS IN S. F.

SAN FRANCISCO—Soil from the Garden of Eden and black sand from the banks of the Nile River were used here this week to pot a Cedar of Lebanon tree at the Arab Information Center in the World Trade Center in the Ferry Building.

Dedicated to the promotion of mutual understanding between American and Arab peoples, the Center will provide travel and eco-

court Saturday morning. After a plea of guilty she was sentenced to 30 days with an opportunity of going to a hospital for cure at any time of term.

Mithell Gladone of Hollywood was arrested by Bud Rabaska, sergeant of sheriff's department, on a charge of defrauding an innkeeper. He was given 30 days in Placer county jail and ordered not to return to the lake.

A blue and red room has been opened at Crystal Bay Club for dancing with a live orchestra. This is a wonderful innovation for both winter and summer guests.

There are 6,495,318 motor vehicles registered in California.

NOTICE OF INTENT TO MORTGAGE

Notice is hereby given, pursuant to Section 3440 of the Civil Code of the State of California, that the undersigned, CAPITAL MACHINE & WELDING WORKS, whose address is 83 No. 17th Street, Sacramento, California, and whose business is that of a machine shop and which business is known as Capital Machine & Welding Works, intends, as mortgagor, to mortgage to Bank of America National Trust and Savings Association, whose branch address is given herein below, as mortgagee, certain personal property of which a general statement of the character thereof is as follows:

Planing Mill which personal property is located on the Denny Logging Company at Truckee, California, and that any consideration for said mortgage will be paid at the hour of 10:00 A.M., on the 19th day of August, 1957, at the Sacramento Main branch of Bank of America National Trust and Savings Association at 8th and Jay Streets, Sacramento, California. Dated at Sacramento, California this first day of August, 1957. CAPITAL MACHINE & WELDING WORKS (Mortgagor) By: T. S. Kline, Mortgagor.

AGREEMENT NOTICE OF AGREEMENT TO PURCHASE PROPERTY DEED- ED TO THE STATE FOR DELINQUENT TAXES

NOTICE IS HEREBY GIVEN in accordance with the provisions of Division 1, Part 6, Chapter 8 of the Revenue and Taxation Code and the written authorization of the State Controller that an agreement, a copy of which is on file in the office of the Board of Supervisors of Nevada County, has been made

between said Board of Supervisors and the State of California, Acting by and through the Department of Public Works and approved by the State Controller, whereby said County will sell to said State of California, under the terms set forth in said agreement all the right, title and interest of the State of California in and to the real property hereinafter described.

That, unless sooner redeemed or an installment plan of redemption is initiated, the undersigned Tax Collector, pursuant to said agreement will, not less than 21

days after the first publication of the mailing of this notice as required by law, whichever is later, sell said property to State of California.

That upon the sale of the property the right of redemption will cease. For information as to the amount necessary to redeem or initiate an installment plan of redemption apply to John T. Trauner, Redemption Officer of Nevada County, in the Court House in Nevada City, California.

The property referred to and contained in said agreement is situated in the County of Nevada, Truckee, State of California, and is substantially described as follows:

In Truckee in the McGlashan's Addition, Lot 13, Block N, and last assessed to John S. Shanly.

Dated: At Nevada City, California this 1st day of August, 1957.

ELMA HECKER,

Tax Collector, of the County of Nevada, State of California.

a-1,a-8,a-15, 1957

Merino sheep were introduced into Australia in 1810.

Nominating Committee For Chamber Named

KINGS BEACH—President Fred Schultz of the Lake Tahoe-Sierra Chamber of Commerce has appointed a nominating committee under new provisions in the by-laws which require that one director be elected from each of 19 postoffice areas around the lake.

The nominating committee includes George Kehlet of El Dorado County; George Cannon of Ormsby County, Nevada; Gene Empey, Douglas County, Nevada; Frank Vernon, Washoe County, Nevada; and Don Huff, Placer County.

Under new provisions of the by-laws, designed to encourage broader geographic participation in the body, the 19 directors after their election, will select the president, vice president, secretary and treasurer.

Navy tractors dragged 500 tons of cargo over 647 miles of ice to build a science base in Marie Byrd Land, Antarctica, during Operation Deep Freeze Two.

New Lighting System To Facilitate Bridge Flow

SAN FRANCISCO—Installation of a system of traffic signals which will permit instantaneous changes regulating flow of vehicles on the lower deck of the San Francisco-Oakland Bay Bridge has been practically completed, according to Howard Wood, bridge manager.

A master control will make it possible to switch the heaviest flow of traffic into two lanes, leaving only one lane for the lighter stream of vehicles coming from the opposite direction.

The new lighting system is expected to be especially valuable during morning and evening rush periods when the lower deck is opened to drivers of automobiles, instead of being restricted to trucks as it is during the rest of the day.

As soon as the remaining electrical work is finished and steps are taken to advise drivers how the new system works, it will be placed in service, Wood said.

Labor Conciliation Service Works Hard To Meet Big Demand

SACRAMENTO (CNS)—Requests for conciliation of labor disputes in California rose during the first six months of 1957 to above the high level reached in the first half of last year, totaling 332, the department of industrial relations reported.

Such requests increased from 302 during the first six months of 1956.

"The sustained high level of requests is a direct reflection of the intensity which has characterized collective bargaining in California during the past year," the department's conciliation service said. "General economic conditions have sharpened wage and fringe benefit issues at the bargaining table."

"A collateral aspect of the stepped-up activity in labor-management relations has been the union organizing which has been going on, principally in small industry, the service trade, and in retailing and wholesaling establishments," the service said.

Forty-two of the requests for conciliation assistance were received during June, including 20 from manufacturing establishments, six in the building and construction trades, eight in retail trades and eight in the service industry.

Twenty-five concerned existing collective bargaining relationships; 14 involved the issue of recognition of the union, and three disputes were grievances which arose during the course of an existing labor agreement.

Lafayette was commissioned a major general in the American Army on July 31, 1977.

Sealed proposals will be received at the adjourned meeting of the Board of Supervisors, in their chambers, Nevada County Court House, Nevada City, California, until 11 o'clock a.m. on Aug. 15, 1957, at which time they will be publicly opened and read for construction on certain County roads in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, in the town of Truckee, 1.98 miles of County roads to be primed, surfaced, and sealed.

Bids are required for the entire work described herein.

ENGINEER'S ESTIMATE

Item 1. 4 Tons Liquid Asphalt SC-2 (prime coat)

Item 2. 4 Tons Paint Binder (tack coat)

Item 3. 2,850 Tons Plant-Mixed Surfacing

Item 4. 4 Tons Asphaltic Emulsion (fog seal)

The foregoing quantities are approximate only, being given as a basis for the comparison of bids, and the County of Nevada, does not expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work as may be deemed expedient by the Engineer.

In accordance with the provisions of Section 1770 of the Labor Code, the County of Nevada has ascertained the general prevailing rate of wages applicable to the work to be done as follows:

Classification	Rate Per Hour
SKILLED LABOR	
Asphalt Plant Engineer	\$3.30
Heavy Duty Repairman	3.33
Operator of Power Shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)	3.55
Operator of Power Shovel and/or other excavating equipment with shovel-type controls (over one yard)	3.62
Power Grader Operator	3.55
Roller Operator	3.30
Screed Man	3.00
Spreading Machine Operator	3.30
Tractor Operator	3.33
Truck Driver (8 cubic yards and less than 12 cubic yards)	2.85
Truck Driver (12 cubic yards and over)	2.85
INTERMEDIATE GRADE LABOR	
Apprentice (oiler, fireman or watchman)	2.75
Bootman	2.48
Boxman or mixer box operator	3.00
Fireman in hot plant	2.89
Heavy Duty Repairman—Helper	2.75
Truck Driver (less than 4 cubic yards)	2.325
Truck Driver (4 cubic yards and less than 6 cubic yards)	2.465
Truck Driver (6 cubic yards and less than 8 cubic yards)	2.625
UNSKILLED LABOR	
Flagman	2.505
Laborer	2.505

Any classification omitted herein not less than \$2.325 per hour. Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of County Purchasing Agent, Nevada County, Court House, Nevada City, California.

No bid will be considered unless it is made on a blank form furnished by the County and is made in accordance with the provisions of the Proposed Requirements and conditions set forth under Section 2 of the Standard Specifications of the State of California, Division of Highways, August, 1954.

The County reserves the right to reject any or all bids.

BIG SUMS SPENT ON HIGHWAYS IN AREA

A total of \$3,251,086 was paid to various contracting firms for work done on state highways in district III during the period from June 20 to July 20, District Engineer Alan S. Hart announced in Marysville. This brings the amount spent on contracted highway improvement in the 11 county district since January 1 of this year to \$13,870,954.82. The figure does not include funds spent for maintenance storm damage repaid, nor engineering costs.

Payments are made monthly on the basis of the percentage of the total contract completed during that month.

Approximately one-half of the monthly payment was for work on Highway U. S. 40 where four stretches of four-lane freeway and two detours for future work are under construction. The remainder of the amount was distributed to 29 projects in the nine remaining counties.

Miss Marcia Weeks of Auburn is graduating as a nurse at ceremonies scheduled by the Mt. Zion Hospital at San Francisco. Miss Weeks is the daughter of Mr. and Mrs. Carl Weeks, former local residents.

Good Outdoor Habits for Everyone!

From Folsom—

Miss Mary Fleckenstein of Folsom has arrived for an indefinite stay here.

PROGRAM OF TRUCKEE COMMUNITY METHODIST CHURCH

The official board meeting has been postponed until the coming Monday evening, August 12 at 8 p.m. Refreshments will be served after the meeting.

Wednesday, the 7th. This is not an invitation, but an "I-Told-You-So"—the women of the W.S.C.S. are on the move, witness their fine meeting at Sandy Beach, Lake Tahoe, Wednesday. Mrs. Blauwe was hostess, and women from Truckee, Kings Beach, and Tahoe City were guests.

Thursday, the 8th, 7-8 p.m. Commission on worship, and commission on education.

8-9 p.m. Devotional service. Theme: "The Way to Health or Wholeness." "The Resources of Religion Are Still Available for the Prevention and Cure of Disease." Philippians 4:8-9, Mark 9:29, Matthew 9:2, Matthew 6:34, Matthew 7:7, Mark 10:52.

Sunday, August 11: Church school at 9:45 to 10:45. Divine worship at 11 to 12. Pastor Aubrey H. Clark will speak. Theme: "When God says, 'Well Done!'" Refer to Matthew 25:14-30. The pastor is at your call, Luther 7-3637.

Friday, August 16, the Methodist Youth Fellowship is meeting in the church. New officers, new councillors, new plans, new life.

HORSEMEN LEAVE ON TREK OVER SUMMIT

Thirty horsemen were scheduled to strike off across the Sierra Nevada yesterday morning on the five-day Western States Sierra Trail Ride to Auburn.

The 94-mile trip, the third annual affair, will end Sunday at the fairgrounds in Auburn. A small group of riders began the first leg of the journey Sunday when they left Reno for Squaw Valley.

Riders Wednesday climbed up through Squaw Pass to reach Emigrant Monument, then drop down into the Little American Valley and the first overnight stop at Talbot Camp at the upper edge of French Meadows.

In charge of the trip is Vic Robinson of Carmichael, trail boss assisted by Martin W. Sword of Auburn, general chairman; Joe Sims of Fair Oaks, vice chairman, and Jack Veal of Auburn, quartermaster.

Fish. Game Commission Sets Dates For Meets

The state fish and game commission will hold its next meeting in San Francisco, August 22. The August meeting had been slated for Eureka, but was changed to San Francisco because of a conflict of dates.

The commission announced it will hold the following meeting September 27 in Eureka.

PATRONIZE LOCAL STORES

SURVEY MADE TO AID ACCIDENT CURBING

A survey of pedestrian traffic accidents for the years 1956 and 1957 shows a sharp increase for the first four months of 1957 over 1956. Sgt. Frank Snyder of the California Highway Patrol here reports.

The survey of the Truckee-Lake Tahoe area indicates that the pedestrian was at fault in 90 percent of all pedestrian accidents. Sergeant Snyder declared.

"In order to reduce this unnecessary killing and injuring of people upon our highways a maximum enforcement program will be inaugurated against both driver and pedestrian, whichever is at fault," Snyder said. "All officers in the Truckee area have been instructed to be particularly alert in the apprehension of pedestrian violators and in the protection of pedestrians at crosswalks throughout the area."

During 1956 rural pedestrian fatalities amounted to 10.8 percent of all fatalities. Through April 1957, 283 pedestrians have been killed, compared to 245 killed during the first four months of 1956. Nearly one-third of these pedestrians died while relying on their right-of-way while another one-third were killed while crossing between intersections.

DeWitt Nelson Slated To Head New State Board

SACRAMENTO — Gov. Goodwin J. Knight announced he intends to appoint DeWitt Nelson, state director of natural resources, as chairman of a group of officials which will study development of an adequate public outdoor recreation plan for California's growing needs.

The committee for the development of the California public outdoor recreation plan, created by AB32 by Assemblyman Lloyd W. Lowrey will have \$50,000 for its surveys. It will be required to make its final report by March 1, 1960, with preliminary reports on March 1, 1958 and March 1, 1959.

Membership on the group will include directors of natural resources, fish and game, water resources, recreation, finance, education, and the chief of the division of beaches and parks and executive officer of the state lands commission.

The bill had provided originally for a \$100,000 appropriation for the study but this amount was halved by Knight when he signed the bill into law.

Take Diet Course—

Mrs. Stanley Zwarg and Mrs. Muriel Frey and daughters, Dorothea and Varian, are San Jose guests of Mr. and Mrs. William Frey. The local women are taking a summer course at the college in nutrition and healthful menus.

From County Seat—

Frank A. Wilson of Nevada City visited with the Fosten Wilson family this week.

Sonarmen—the key to the anti-submarine warfare problem—are trained at the Navy's Fleet Sonar School, Key West, Fla.

Student Guidance Tests Will Be Held August 14

Students planning to attend Sierra College for the coming semester, and who have not completed their guidance tests, may take them on the evenings of August 14 and 15 or on the morning and afternoon of September 3, it was announced at the college offices in Auburn today.

The A.C.E. psychological examination and composition may be taken on August 14 at 7:30 p.m. or at 9 a.m. on September 3.

The English cooperative examination may be taken August 5, at 7:30 p.m. or September 3 at 1:15 p.m.

A reading proficiency test, for students who do not take the tests listed above is scheduled for 9 a.m. on September 3.

VISITS OFFICE

The R. R. Russes of Woodland, visited again at the Methodist parsonage this past weekend. Mrs. Edna Mae Russe is Pastor Clark's youngest daughter. Her son, Edward Aubrey Russe called at the Sierra Sun office, and was cordially received by the staff and learned a great deal that he never knew before. Mrs. Hannah Stewart dined with the family Sunday.

SIERRA SUN ADS PAY!

UTILITIES ARE BIG LOCAL TAXPAYERS

State-assessed property in Nevada County accounted for more than half the total assessed valuation, according to figures released by the state board of equalization.

The report shows that property of utilities in Nevada County totals \$13,218,320, an increase of \$147,450 over the 1956 figures or 1.13 percent.

According to the report, released through the Capitol News Service, property in this county is assessed at \$23,912,410.

Assessed properties of utilities in the state totaled \$3,102,728,740 for 1957. This represents an increase of 8.7 percent over the valuation a year ago.

The largest categories of companies whose assessments are fixed by the board at 50 percent of fair market value, was the 33 gas and electric companies, the 59 telephone and telegraph companies and the 39 railroads.

Utility company representatives, who appeared at the board's meeting August 5, made their annual protest that it is not fair they should be assessed at 50 percent of market value, while common property is assessed at only between 20 and 30 percent of market value.

LET'S ASK MR. BREWITZ-- CANTCHA SEE HE'S BUSY?

O. G. BREWITZ

... AND WHAT CAN I DO FOR YOU, PENNY AND PAT?

WELL-- WE'RE COLLECTIN' MONEY FR OUR NEW SAFETY CLUB!

O.K.-- THERE ARE TWO DONATIONS-- TAKE YOUR CHOICE!

WAIT, PAT! 'MEMBER MOM ALWAYS TEACHES US TO TAKE THE SMALLER PIECE!

... BUT SO'S WE WON'T LOSE THE DIME, WE'LL JUS' TAKE THIS PIECE OF PAPER TO WRAP IT UP IN!
